

# PHILIP SIMPSON

Software Engineer

## SUMMARY

Team-player and entrepreneurial software engineer. Proven track record of creating and implementing successful full-stack web applications. Looking to bring my skills to a company where I can collaborate, evolve, and share my passion for web development.

## WORK EXPERIENCE

### Full-Stack Web Developer and Co-Founder at Asc3nsion Academy

Los Angeles, CA

May 2020 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full-stack web applications
- Applied agile methodologies like SCRUM for project management

#### Recent Projects:

##### Better Coaching Services (Fullstack Web App) –

Site: <https://better-coaching-services.vercel.app/>

Coaches can register with email and password or Google OAuth, and list coaching services that are organized by category. Users can contact, share a service link, or leave one review per service.

##### A3 Academy (Static Website) –

Site: <https://a3academy.onrender.com/>

Users can visit the website to obtain information about A3 Academy services, program features, and expert coaches through links to social media profiles.

**StoryBooks (Server Web App)** - Users can log in with google and choose to create, edit, delete or view other users' stories.

### Software Engineer at 100devs, Los Angeles, CA

Los Angeles, CA

February 2022 — November 2022

Built end to end applications, collaborated with developers to web apps using practices such as MVC, OOP. Managed projects with Github Projects, or Notion.

### Professional Golfer on Golden State Tour | San Jose, CA

August 2019 — April 2020

Used a variety of golf related apps to track practice sessions, golf round scores, and use video for technical improvement. Raised \$50,000 in sponsorship. Received first paycheck as a professional by my third competitive tournament.
